

Dear Guest

**Ref: New Year... New Look Leisure Pool.**

We are delighted to move into 2021 with confirmation that we will be upgrading the Leisure Pool with immediate effect.

We recognise 2020 was tough for everyone and although this news is exciting, it will have an immediate effect up stays until April 2021. Albeit short notice, we have managed to secure contractors straight away with plans to enhance the club, and this means that we must close the club completely as of January for a planned period of three months.

We do understand this will impact your stay as you already have experienced disruption due to COVID-19, which does make this news bittersweet. We do understand and empathise with this, however we believe that the upgrade will only enhance your future experience, and we trust that you will bear with us over this period.

We will confirm to everyone at least 30 days prior when the payments will re-commence.

As for the work schedule, we can confirm at this time we will be undertaking the following enhancements:

- Implement a new purpose-built sauna and steam room

- Convert the pool to a deck level pool

- Experience water cannon in the pool

- Replace the whirlpool bath with a new one

- New showers with a cold spa experience next to the sauna and steam

- Lay new flooring throughout including the changing rooms

- Redecoration and new lighting throughout

We will also be making updates to our website, booking process and membership renewal

We are aiming for an early April opening all going to plan. It is our intention to keep you up to date with progress via email, Facebook and letter, and we will notify you when we have the exact date of opening.

Our treatment room will remain open with Teresa over this period, unless the COVID-19 restrictions disallow.

May I take this opportunity to welcome you to the Angus Hotel and trust that your stay with us will be comfortable. If there are any queries or questions that you have please direct them to me at [manager@theangushotel.com](mailto:manager@theangushotel.com).

With kindest regards

Brian Robinson  
Hotel General Manager
