## WINTER

Winter is a time for simple and bold dishes, as we wait for the sun to return. Kale comes into its own after the frosts and icy seas give us hake and cod that is pearly and saltwater-fresh. A time to take the lid off preserves and savour slow food such as pies and risotto. Lean forward over a bowl of steaming mussels, crusty bread at the ready. The stew has simmered for hours and the robust red wine glows. Then finally, a plate of cheese and something sweet, before you face the cold again.
