Second Flush Assam – Bursting with rich, malty character, this is a full bodied tea

Second Flush Darjeeling – A lighter, fine flavour with intensity. Has a delicate muscatel and honey character

Russian Caravan – A black, wiry tea which produces a black, amber liquor

Peppermint – As refreshing as a barefoot walk through morning dew at sunrise. Vibrant and clean infusion

Rooibos, Orange and Cinnamon – Rich aromatic taste of Rooibos, combined with sweet oranges and hints of warming spice

Blackcurrant and Lavender – Combination of sweet blackcurrant and lavender, gives comfort in fresh and fruity flavours

White Silver Tips – A light and delicate soft cup, with no astringency or tannic notes. Sweet, fresh and peachy in character

Long Jing Green – a rounded full-bodied green tea which tastes sweet initially with a slightly savoury aftertaste of 'popped corn'
